📍 Mumbai, India | 📞 +91 8668541511 | ✉️ Darshanshinde1009@gmail.com

🔗 LinkedIn: [LinkedIn - Darshan](#) | Notice Period: Immediate Joiner

PROFESSIONAL SUMMARY:

Cybersecurity enthusiast with practical experience in SOC operations, SIEM monitoring, and vulnerability assessment. Skilled in log analysis, threat detection, and incident response using tools like CrowdStrike, Securonix, Wireshark, and Burp Suite. Actively practicing web application penetration testing using PortSwigger labs and real-world scenarios. Strong foundation in network and web security with a focus on identifying and mitigating security threats.

TECHNICAL SKILLS

- **SIEM & Monitoring:** Securonix, Seceon, Microsoft Sentinel
- **EDR:** CrowdStrike
- **Security Tools:** Wireshark, Nmap, Metasploit, Burp Suite
- **Networking:** TCP/IP, DNS, HTTP/HTTPS, Firewalls
- **VAPT:** Web Application Testing, Vulnerability Scanning
- **Core Skills:** Incident Response, Threat Detection, Log Analysis, SOC Operations
- **Programming:** Python, JavaScript

PROFESSIONAL EXPERIENCE

SOC Analyst - Orient Technologies | Nov 2025 – May 2026

- Investigated and resolved **300+ security incidents** using SIEM platforms
- Monitored logs to detect suspicious activity and potential threats
- Performed endpoint detection and response using CrowdStrike EDR
- Supported incident response, escalation, and reporting processes

Cybersecurity Intern - RD Infro Technology | Dec 2024 – Jan 2025

- Analyzed **5+ GB of logs** and identified **15+ vulnerabilities**
- Assisted in vulnerability assessment and penetration testing tasks
- Contributed to threat analysis and network security implementation

PROJECTS

- **Keylogger Detection System** – Developed Python-based detection for malicious processes
- **AI Phishing URL Detection** – Built ML model for phishing classification
- **Password Strength Analyzer** – Designed AI-based password evaluation tool
- **API Security Checker** – Identified common API vulnerabilities and misconfigurations

SIMULATIONS

- **Deloitte Cyber Simulation (Forage):** Log analysis and threat detection
- **Tata Cybersecurity Simulation (Forage):** IAM concepts and security documentation

EDUCATION

B.E. Computer Science and Engineering (Cybersecurity)

Mumbai University | 2022 – 2026

HSC (82.2%) | SSC (83%)

CERTIFICATIONS & ACHIEVEMENTS

- **CEH v13** – Certified Ethical hacker
- 3rd Rank – MUTICON Research Paper Competition
- National & State-Level Chess Tournament Winner
